Online Training

On-site Training

Our curriculum is structured by user role and includes but is not limited to: Power User and Administrator training on Template/Report & Data Model Development.

The benefits of investing in training:

- ✓ Learn how to develop templates/reports in your own environment
- ✓ Strengthen your technical knowledge following best practices
- ✓ Learn how to prepare financial models to perform scenario/what-if analysis
- ✓ Use training to upgrade your skills, allowing you to be self-sufficient
